

The Suffolk County Police ALUMNI NEWS

Summer 2017

PRESIDENT'S MESSAGE

Hope everyone enjoys their summer. Since our last newsletter we have had several additions to our Board of Directors. Both Ed Gersbeck and Marty Almberg have accepted appointments to our Board. Many Thanks.

In other happenings:

Active Member Death Benefit: The Board of is pleased to announce that effective **January 1, 2018**, the Active Member Death Benefit will be increased to **\$300.00**.

Additionally starting **1/1/2018**, certified **20/30 EXEMPT** members will no longer be required to submit the previously assessed \$10.00 annual fee to the death benefit fund to be eligible.

Weekend Mobilization-Orlando: We had forty attendees who thoroughly enjoyed the weekend. The hospitality room was buzzing with "war" stories and fond memories of days gone by. We were delighted to see members Danny and Joanne Quinn and Warren and Margie McCue at the mobilization. They were all instrumental in the formation of the S.C.P.D. Alumni in 1989. Many thanks to Bob Sanchez and his spouse.

"Police Lives Matter": Our Quartermaster, Bob Timm, has replenished our supply of Police Lives Matter bumper stickers. They are FREE to our members including shipping (limit of 4). Larger amounts for distribution are available subject to postage. Please contact Bob at QM@scpdalumni.com or send a request to the Alumni address.

Brag Bag: It is hard to believe that our members have no NEWS to share with our group. Very few members have taken advantage of this program. Simply send the information to bragbag@scpdalumni.com or call the Alumni duty desk 352-345-1778.

Clarification of 20-20 & 20-30 Club Applications:

- I am receiving applications that the retirement date is well into the year 2017. The Alumni will honor these applications even though the member has not COMPLETED 20 or 30 years of retirement.
- However, I just want to point out that being inducted into one of the Clubs does require that the member has been active and paid dues for three consecutive years before any certificate is issued. Subsequently, the ceasing of the dues requirement for 20-30 members begins the year following your induction into the 20-30 club. (Example: your 20-30 membership begins in the year 2017, your dues requirements cease in the year 2018).
- I wish to point out that certificates are only printed during a specific time frame, 20-30 at the end of January and 20-20 at the end of April. Certificate requests arriving after the printing dates will be held for the following year unless there is some exceptional reason.

Ray Russell, Chairman 20/20, 20/30 & 20/40 Clubs

We need your help!

Over the years, we have lost contact with about 5% of our 3600+ members. We really need your police investigative skills to help us locate these members. We do realize that a few may be TAPS, but hopefully not many. Our membership chairman, Ronnie Aimes, has put out an APB and is offering a reward for any updated information on anyone listed on our MIA list. The MIA list is

listed on our website and appears in this newsletter. Please provide any information you develop to Ronnie Aimes at membership@scpdalumni.com or 352-688-8363.

Events: Our devoted webmaster, Kevin Ryniker, spends considerable time and energy in keeping up with different gathering, meetings, mobilizations and other events which may be of interest to our members. For information concerning these events in between our newsletter publication, Kevin posts them on the website. If a member is aware of an upcoming gathering, they can notify Kevin at webmaster@scpdalumni.com.

VICE PRESIDENT AND MEMBERSHIP REPORT

Hi Everyone,

I hope everyone is well and looking forward to a long hot summer. It has already been very hot down here in Florida, but also very dangerously dry. I will be leaving for New York in a couple of weeks, hope the weather is nicer up there.

I have been extremely busy trying to get the membership to pay this year's dues. As of this date, the amount of dues paying members is approximately 300 less than last year. Any suggestions would be appreciated.

You members that are still living in New York or have relatives living in the State, please advise them to vote NO to the amendment reference convening the constitution convention next year on the November Election Ballot. If this amendment is passed, the governor has said that he wants to make changes to the New York State Retirement System. We retirees can't afford to take a chance with his reputation that his changes would be good for us retirees.

I want to thank the numerous members that have sent information reference the Alumni MIAs. Keep the info coming. While I am on the Island, I will be looking for a location and date for the Annual Winter Alumni Luncheon. Also, I will be looking for a member that lives on the island who will assist in running the affair. Please call me at 352-584-3689 or send an e-mail to me at raims@tampabay.rr.com.

I have run out of things to write about, so I will close with my hope everyone has a good summer and most importantly keep beating the system by getting those checks.

Fraternally Yours,
Ron Aimes

TREASURER REPORT

Hi everyone

The Alumni has the following money in our accounts:

Benefit Fund \$49570.60

Special Events \$3768.85

Scholarship \$9150.37. So far we have paid five of the ten scholarships for this year

The Board would like to thank all the members for their generosity.

Fraternally Yours,

Ted Wojciechowski

From The Editor:

Usually to get your picture into the Alumni Newsletter you have to be where I live. This time I went to the where the person lives. We spent a pleasant afternoon together and had a lovely lunch.

BLASTS FROM THE PAST

By Carmine Macedonio

Our Blast from The Past is Retired Detective Nicolo (Nick) Titolo

Nick “The Italian Stallion” was sworn into the SCPD in July of 1964 and upon graduating from the Police Academy was assigned to the Uniform Division of the Second Precinct. He spent almost four years in the Huntington area before he was assigned to the Second Precinct Plainclothes Division. Nick was right at home in the Second and was following in the steps of his accomplished brother Bob Titolo (Thirty-three years with the SCPD). However, Nick was also making a name for himself and after two years in plainclothes he was promoted to Detective in the Second Squad. Nick was a very energetic and persistent investigator. His personality and good natured heart followed him throughout his career and into his retirement years as well.

A specific story he reminisced concerned a loose horse causing a problem on the roadway. Nick responded and took out his trusty rope and lassoed the horse. Did I mention he has some Cowboy in him? Well, anyway, Nick jumps up on the horse and it takes off with Nick singing Jean Austry songs. Like a good Cowboy Nick gets control of the horse, except for one problem. Nick could not remember where he left the PD. Gentlemen, as you know, we had no radios or any method to contact headquarters for help. However, Nick used his superior ability to find the elements of “the crime” and used that ability to recover his PD.

Nick worked very hard in the Second Squad, his work was always praised by his superiors and after three years was re-assigned to the Robbery Squad. Nick has a special place in his heart for the Robbery Squad where he developed a special bond with his partner and life-long friend Detective John Tschember.

One of his first cases, Nick recalls, was on an investigation concerning a very dangerous leader and master mind of an armed robbery team working on the Island and NYC. Nick was very persistent during his investigations with searching for evidence and conducting follow ups. His efforts resulted with shutting down and clearing several armed robberies. Nick indicated the master mind trained his son and a friend on the finer points of committing armed bank robberies. The names will not be mentioned; however, the son and friend were also removed from the crime list. Our current DA Tom Spota prosecuted the case and obtained a conviction. I wonder who the Master Mind is NOW?

While I was interviewing Nick, he was wearing a baseball cap with the Canadian Mounted Police Emblem. I asked how he obtained the hat. Nick displayed a large smile and just stated he became a good friend with a Mountie and they exchanged police emblems. We will not describe the incident because Nick would like to do that himself.

(See his telephone number in the article and give him a call)

Nick remained in the Robbery Squad for about five years then was re-assigned to the Fighting Fourth Squad where he worked until retiring. Nick would like everyone to know he enjoyed being in law enforcement, enjoyed working as a police officer, and enjoyed working as a detective very much. He loved all aspects of police work no matter where he was. Nick finally retired after twenty-one years in July of 1985. He was an exceptional Police Officer, Detective, Cowboy, Master Mind and an International Diplomat.

Prior to joining the SCPD, Nick served our Great Country in the Armed Services from 1951 through 1953. He was in the U.S. Air Force, assigned to the Air Force Police and worked in the Aleutian Islands. He recalled a story where his outfit was isolated for about seven weeks because of inclement weather. No one could get in or out; however, they did have a movie they could be entertained with. To this day, Nick will be able to give

you an almost word for word account of “Alice in Wonderland”. If you don’t believe this author just give Nick a call.

Hats off to all the men and women who had to sacrifice periods of their lives to safeguard and protect the citizens of our Great Country. My Hat is Off to you Nick. You are another Great Hero of Our Country.

Prior to joining the SCPD, Nick had an extensive career as an electrician and worked for Hazeltine. Once he retired he decided work was enough and concentrated his time and effort towards his wife and family. His wife, Marie, continued to work for Merrill Lynch another six years and after twenty-one years she also retired to devote herself to Nick and their family. However, Marie, continues to remain very active in the community singing in a 100-person chorus, holds positions in various organizations and enjoys playing golf. Hey Marie did you teach Nick how to sing Gene Autry Songs?

Nick and Marie will be celebrating their 60th Wedding Anniversary in October. They will be taking their entire family (11 to Saint John’s BVI for a week. Nick and Marie enjoy traveling and have been on twenty-five or more cruises.

Nick and Marie would like to mention their son, Richard, who is a Nuclear Health Physicist and their daughter Lisa who is the Founder & CEO of Advanced Women’s Excellence. This organization addresses the challenges and opportunities for women to expand their success. Lisa has been presented with many National Awards.

Nick and Marie have one granddaughter named Michelle who is a very accomplished Business Analyst. They also have four grandsons; Daniel, who is a Major in the US Air Force and is married to Cassandra an Oceanographer, Gabriel a Senior Risk Management Consultant with Philadelphia Insurance and is getting married to Carolyn, a Pharmacist, in August, Robert who is in sales selling Power to corporations and Austin who is employed by Schneider Electric and has just graduated with a Master’s Degree in International Business.

Nick and Marie have a Great Family and are enjoying their retirement lives living in Timber Pines, Spring Hill, Florida. Nick may be reached at 352-666-4484, 401-447-3310 or e-mail: Thopevalle@aol.com.

Have a Great Retirement.

REFLECTIONS

By Tony Puzzo

It is getting to be an all too familiar happening each and every month as I have to play "Grim Reaper", so sorry to report the demise of our esteemed Commissioner Dewitt Dick Treder. He was certainly among the best of our bosses, together with John Barry I thought no better boss. He will be missed, Rest in Peace Sir. Also leaving us this month Retired Detective Rupert Behan, Fifth Squad, was an original member of our department, 1/1/60, promoted to Detective in 1964, retired in 1983. Another highly regard member was Ed Ramski, also an original, promoted to Captain 2/7/77. I know for a fact he was highly thought of by his men. Dennis Gannon passed leaving his son Greg who is with Crime Scene. Detective Gannon joined in 1971. I heard through Bob Misegades that Bill May (1st Squad) also left us, unknown if his brother Buddy is still with us. If anyone knows, kindly advise. That stuff out of the way I met Byron "Bunny" Elsebough just today at an American Legion Hall in Sebastian, Florida, where my brother belongs. He is well and says hello, advised that Frank Smimmo just left to go back to Maine. Also met an ex member to NYCTA Police who lives next door to Richie Battaglioli, and spoke with him the other day.

From my New York State Retired Police Association mailout, the following made donations this past month: Fred Fernez, John Chambers, Ed Hofman, a particularly nice one from our S.C.P.D. Alumni Association, good going guys, Dave Fletcher, Marty Keating, Teddy Wojociechowski (whew), Bob Gorski, (two Italians), yours truly, Bob Boyd, Sal Rosina, Henry Ailers, Joe Cianciotta, happy at least these guys are still with us.

Some legislative news. There is a COLA Bill to raise base calculation amount from \$18,000 to \$25,000 (long overdue) S-3306, Senator Ritchie, A-6045, Assemblyman Steck. Not much real hope this will become law, BUT, you might want to contact your legislators ASAP.

I understand John Newton (4th Squad) is not doing well after celebrating his 80th, keep him in your thoughts and prayers. John was one of our regulars at our golf tournaments in Sebring, Florida, all those years.

Happy Fathers Day to all. Keep the faith and keep our first responders and service personnel in your prayers. All the best. Caio.

Respectfully submitted,

Tony Puzzo

This is a rare happening. At a fire in Queens, New York, Lieutenant Dave Woods (my grandson) and Captain Tom Woods (my son) from two different fire houses responding to the same fire.

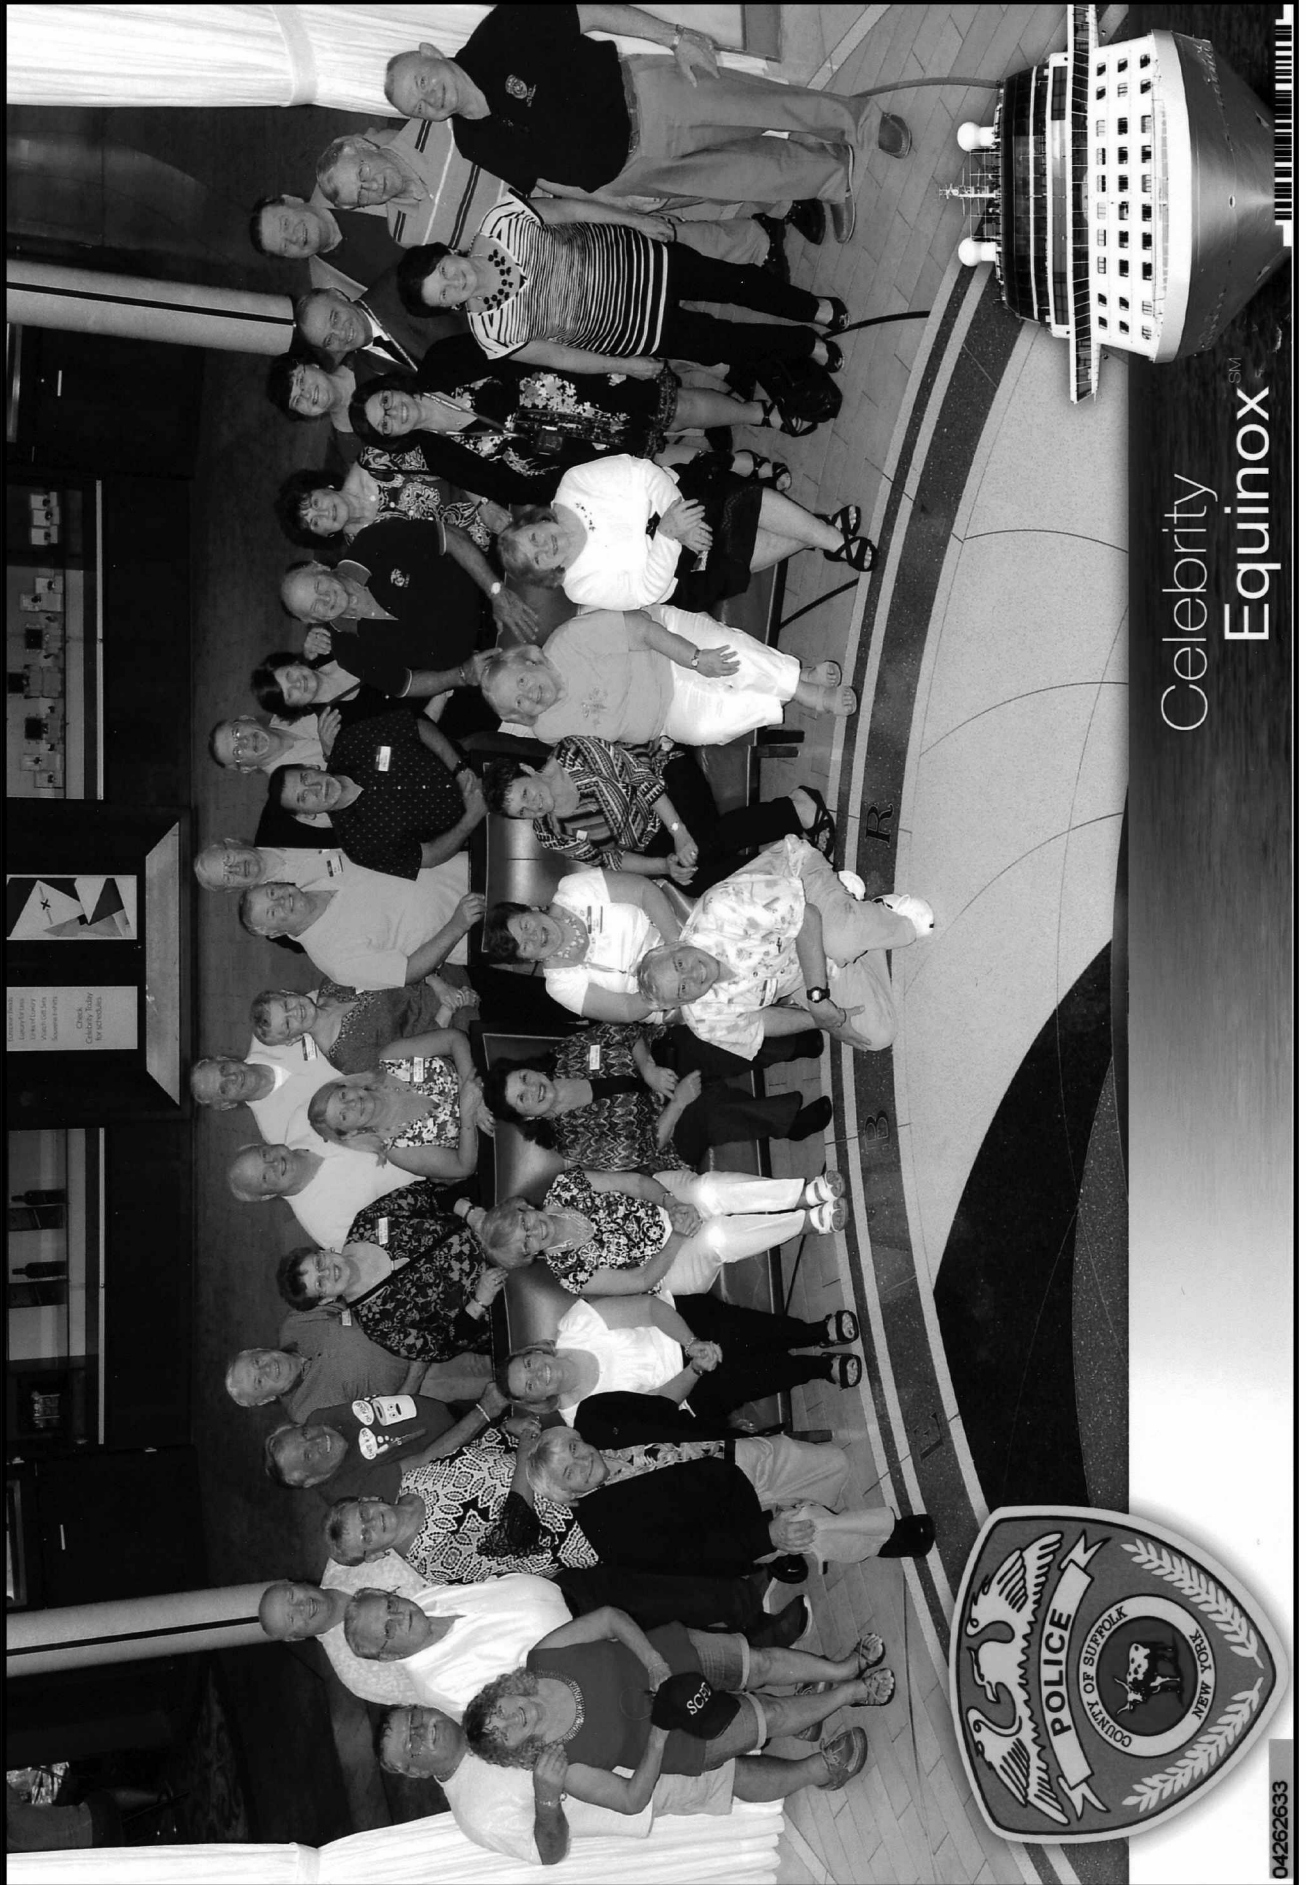

Dave comes from company 231 (on hat) and Tom is the c/o of company 308.

ALUMNI BRAIN TEASER

Historically, the Suffolk County Police Department employed the Harley Davidson as the motorcycle used by it's Traffic and Safety Bureau and later by it's Highway Patrol Bureau. It did, however, experiment with another brand of motorcycle in the past. Which of the following was the motorcycle which attempted to replace the tried and true Harley Davidson?

- A) BMW B) Yamaha C) Kawasaki D) Honda

Answer: C) Kawasaki Police 1000

Popularized by the television series "CHIPS", which followed the activities of two California Highway Patrol Officers, the Kawasaki 1000 soon became the motorcycle of choice for many police agencies. Suffolk County purchased three and used them on a trial basis as possible replacements for the Harley Davidsons. Officers assigned to ride them gave them good reviews, but some high speed handling issues reported by other agencies resulted in them being taken out of service by the Suffolk County Police Department.
